

Friday March 20<sup>th</sup>, 2020

L.E.P.D. Customers,

We are experiencing unprecedented times in our country & specifically in our industry.

Our number one priority is to make sure we do everything possible to keep our employees & customers safe over the next few weeks, while balancing the rights of individuals to protect themselves during uncertain times. We have closely monitored both our Governors daily conferences as well as CDC recommendations and have changed our business practices accordingly throughout this past week. At this time, we have decided to align ourselves with our peers in Central Ohio and close L.E.P.D. retail store, range & training facility until at least March 30<sup>th</sup>, 2020 in order to do our part to stop the spread of COVID-19. This closure will take effect on Sunday March 22<sup>nd</sup>. We are currently evaluating how we may serve customers individually who have items on layaway, with the gunsmith or on NICS delay and will be reaching out to each of these customers early next week. We have also started reaching out individually to OPOTA & LEOSA students to provide some options for maintaining your certifications during this time.

We plan on updating all information regularly through the OnTarget Radio Show, social media & our email blasts and will look forward to the opportunity to safely serve customers in the near future.

Be safe & take care,

Lori, Linda, Eric, & Phil Delbert
